SUMMARY

Full Stack Web Developer and recent graduate of the Penn LPS Coding Boot Camp. Passion for creating stunning user interfaces that are both functional and easy on the eyes. Have a strong UX mindset and strive to build user-friendly applications for the web.

TECHNICAL SKILLS

Languages: HTML5, CSS3, Javascript, JQuery, Bootstrap, Firebase, Node Js, MySQL, MongoDB, Express, Handlebars.js, ReactJS, & Batch.

Applications: VS Code, Postman, & MYSQL Workbench.

RELEVANT EXPERIENCE

TAS Analyst | Jr. Web Developer Global Tax Management

2016 – Present
Wayne, PA

Key Accomplishments:

- Co-Maintained GTMpower™, a data management solution by Thomas Powers.
 - Built front-end views for upcoming app features using Bootstrap.
 - Wrote jQuery form validation for login/register systems.
 - Designed rough sketches in Balsamiq for upcoming app features.
- Philadelphia Business Journal:
 - Article Name: Untapped workforce that's helping a Radnor-based corporate tax firm.
 - I was featured in the Business Journal for my accomplishments working at GTM. I went from high school intern to Jr. Web Developer working with in-house programmer 'Thomas Powers' on his tax software.

ADDITIONAL EXPERIENCE

Intern | Computer Technician TeamChildren

2014 – 2017
Audubon, PA

- Worked with a group of experienced computer technicians and together imagined and quality tested dozens of laptops for families living on low income who couldn't afford retail priced computers and laptops.
 - Imaged Windows Laptops Using TeamChildren's Custom Imaging software.
 - Created the 'Windows Deletion Utility', a tool which runs with TeamChildren's custom imaging software and automatically removes temp user accounts from Windows machines created during the imaging process. Cuts down on technicians having to do it manually.

PROJECTS

GTM QuickShare | github.com/IAmShawn98/gtm-quickshare

- GTM QuickShare is an internal file repository built to house and manage your teams Excel Macros.
- I am the lead developer and creator of this project.
- Tools/Languages: Firebase, Node.js, Handlebars.js, Express.js, animate.css, datatables.js.

GTMpower | www.gtmpower.com/

- GTMpower™ is a robust data management solution that allows users to quickly transform their data into meaningful analysis and accurate results.
- Co-Maintained with Thomas Powers.
- Tools/Languages: .NET Framework, MVC, MySQL, jQuery.
